

## Single Case Agreements

### Do I need a single case agreement?

A single case agreement is not necessary if the member's policy covers the requested services. If the services to be rendered are not covered due to network benefit limitations, and if the treatment is medically necessary, a single case agreement might be available if conditions are met.

### How do I request a single case agreement?

To determine if a single case agreement is an option, please contact Lucet by calling the number on the back of the member's insurance card.
